

Kevin Moran

Chief School Operations
Officer
Department of Education

**52 Chambers Street
New York, NY 10007**

May 19, 2021

Dear Families and Staff:

This is a follow up to a January letter informing you that your school's water fixtures would be tested for lead in 2020.

On **April 22, 2021**, all operational sources of water at **Liberation Diploma Plus H.S. - K (Liberation Diploma Plus at 2865 West 19th Street, Brooklyn, NY 11224)**, including for drinking or cooking, were tested for the presence of lead. The laboratory results showed **no elevated levels of lead in any of the fixtures at Liberation Diploma Plus H.S. - K.**

New York City's drinking water is world-renowned for its quality, meeting or exceeding all Federal and State standards. In addition, the DOE works with other City agencies to ensure there is safe drinking water in schools. The safety and well-being of students and staff is our highest priority.

Please visit <https://www.schools.nyc.gov/about-us/reports/water-safety> to learn more about the robust protocol we use to ensure the safety of drinking water in each and every school.

Thank you for your support and we wish you and your students a wonderful remainder of the school year.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Kevin Moran', written over a light blue horizontal line.
